

# STAY INFORMED!

At Kate Andrews High School, we strive to keep students and their families informed about what is going in and around the school. **However, we do not send paper notifications home with students.** Instead, you can always stay informed in the following ways:

***EMAIL:*** Every student has a student email account that the office or teachers may send information/ notifications to. Parents, you will also receive monthly progress reports to the email address that the office has on file for you. We will also send notifications to you regarding things that are going on around the school.

**KA Website: [kateandrewshighschool.com](http://kateandrewshighschool.com)**

We try to keep our website updated daily. We strongly encourage parents and students to check it out often to see what is happening around KA. The Athletics Schedule (games, practices, etc.) are always posted in the calendar section on the Athletics page. We update the *CALENDAR* and the *SCHOOL NEWS* sections almost daily.

Like "Kate Andrews High School" on Facebook to stay informed!

***DAILY ANNOUNCEMENTS*** are made every day at the beginning of Period 2 so that students hear about important information pertaining to their day and also upcoming events. Students are also able to access Daily Announcements on the KA webpage, and a printed copy is posted on the Student Council Bulletin Board every day.

**KA NEWSLETTER:** The KA Newsletter is published around the 1<sup>st</sup> of every month. The newsletter is posted to the KA Website, and is also emailed to students and parents.

**TV Screen:** There is a TV Screen in the LUNCHROOM that displays important announcements and information.

Follow @KAATHLETICS for game and practice reminders and up-to-date results from our athletic department!

***Phone/Synervoice Voice Messages:*** If there is something that we need to speak with you about regarding your child, a teacher or administrator will contact you directly via phone. We also use Synervoice to distribute important voice messages to parents/guardians from time to time.

Our hope is to be using the "POWERSCHOOL APP" by next October. The Power School App gives parents online access to view their child's attendance and grades on-line, for up-to-the-minute updates. We are very excited for this as it means that more valuable, timely information is available to parents. This system has proven valuable to other School Divisions, in dealing with both attendance issues and helping parents to be aware of grades rather than through monthly progress reports.
